

Curriculum Vitae

S. CAMILLE PERES, PH.D.

Department of Environmental & Occupational Health
Texas A&M University Health Science Center
104 SPH Admin Building
College Station, TX 77843-1266
Office: +1 979-436-9326; Cell +1 713-569-6661
E-mail: peres@tamu.edu
<http://peres.rihmlab.org>

Education

Ph.D. Psychology, May 2005, Department of Psychology, Rice University.

Dissertation: Software Use in the Workplace: A Study of Efficiency

Advisor; David Lane: Committee members; Michael Byrne, H. Al Napier, and Christopher Kelty

M.A., Psychology, January 2005, Department of Psychology, Rice University.

Thesis: Dimensions of Sound in Auditory Displays: The Effects of Redundant Dimensions

Advisor; David Lane: Committee members; James Pomerantz and Michael Byrne

M.A., Behavioral Science, December 1996, Department of Psychology, University of Houston-Clear Lake.

Advisor: Kyna Shelley.

B.A., Theatre Arts, May 1990, Department of Theatre, University of Houston-Clear Lake

Academic Positions

Texas A&M University, Assistant Professor: June 2013 - current

Environmental and Occupational Health

Industrial and Systems Engineering

Mary Kay O'Connor Process Safety Center – Texas A&M University

Research Fellow: January 2015 - current

Mayo Clinic

Research Affiliate: September 2014 - current

University of Houston-Clear Lake, Psychology

Associate Professor: August 2012 – May 2013

Assistant Professor: 2005-July 2012

Naval Research Lab, Washington, D.C.,

Summer Research Faculty, 2011 & 2012

Adjunct Professor:

Rice University, Psychology, 2007-2014

University of St. Thomas, Psychology, Spring 2004

University of Houston-Clear Lake, Psychology, 1999-2001

College of the Mainland, Psychology, 1996-1997

Grants/Contracts

NovaChemical and Wyle, “Advanced Procedure Research Study – A Human Factors Approach” Co PI, (2016).

Phase 2: \$50,000

Chevron and ExxonMobil, “Advanced Procedure Research Study – A Human Factors Approach” Co PI, (2015). Phase 2: \$75,000

Office Ergonomics Research Council. “Validation and application of a self-report measure to assess office ergonomic risks?” Co PI, (2016). \$35,589

Hewlett Packard, “Exploring variables associated with users’ satisfaction, performance, and physiological responses based on keyboard attributes”, PI, (2015). \$34,977

Center for Operator Performance, “Effective Designs for Procedure Warnings, Cautions, and Notes”, PI, (2015). \$36,807

ATR Smart Procedures™ “Improving Procedure Development Through Usability Testing” PI (2014), \$142,300

Mayo Clinic Robert D. and Patricia E. Kern Center for the Science of Health Care Delivery, “Systems Analysis of Ambulatory Remote Monitoring- CV Pilot” Co PI, (2014). \$10,000

Chevron, “Advanced Procedure Research Study – A Human Factors Approach” Co PI, (2014). Phase 1: \$37,500

Office Ergonomics Research Council. “User Interface Biomechanics: Does the Interaction Design of the User Interface Impact Ergonomic Risk Factors?” Co PI, (2014). \$28,182

Faculty Research Support Fund at the University of Houston-Clear Lake “Ergonomic Impact of Swipe.” Co-PI, December, 2012; \$4,000

Faculty Research Support Fund at the University of Houston-Clear Lake “Sonification Techniques for sEMG Data Interpretation and Utilization.” Co-PI, March, 2012; \$2,000

Office Ergonomics Research Council. “The Ergonomic Implications of Gesturing: Examining Single and Mixed Use with Appropriate Placement”. PI, 2010. \$10,930

National Science Foundation's Division of Undergraduate Education grants. "Collaborative Research: Online Statistics Education: An Interactive Multimedia Course of Study II." PI, 2009. \$126,043

Schlumberger Information Systems, “Software Ergonomics Assessment Tools-Continuation of Work” PI, December 2008, \$100,000

Schlumberger Information Systems, Gift to UHCL of Noldus Information Technology Observer System. PI, December 2007, \$10,000

Schlumberger Information Systems, “Software Ergonomics Assessment Tools” Co-PI, December 2007, \$67,651

National Science Foundation Small Grant for Exploratory Research (SGER) “Efficient Strategy Selection— Predictors and Cognitive Mechanisms” PI, May 2006. \$51,868

Faculty Research Support Fund at the University of Houston-Clear Lake “Evaluation of Online Statistics: An Interactive Multimedia Course of Study.” PI, November 2005. \$4,250

National Science Foundation's Division of Undergraduate Education grants DUE 9751307 and DUE 0089435. "Online Statistics: A Multimedia Course of Study" Co-PI, June 2005. \$12,482

Faculty Research Support Fund at the University of Houston-Clear Lake “Effects of Computer Animation Software on Learning Synaptic Transmission Processes.” Co-PI, \$2,000

- Marchesini, M. & Sanders, B. (2006) Evaluation of Multimedia Methods of Statistics Instruction, Poster presented at the Southwest Teaching of Psychology Conference, Houston, TX USA.
- Schnell, J. (2006) User Center Design: Redesign of the University of Houston-Clear Lake Psychology Department web site. Poster presented at the Houston Human Factors and Ergonomics Society One-day conference, Houston, TX USA
- Peres, S. C.,** & Lane, D. M. (November 2004). *Online Statistics: A Multimedia Course of Study*. Poster presented at the Southwest Teaching of Psychology Conference. Seguin, TX USA.

Regional and Local Presentations

- Peres, S. C.** (2014) Biomechanics of Software Design: Translating sEMG Measures Noldus User Group Meeting

- Peres, S. C. & Garrett, G. (2014)** Touchpad Usability Study Presentation to Dell Usability Team
- Peres, S. C. (2014)** Human Factors and Process Safety: How to Make the Fit. Mary Kay O'Connor Process Safety Center Steering Committee Meeting
- Peres, S. C. (2010)** Ergonomic Leadership, Nobody Gets Hurt—Even in our Offices, Presentation at ExxonMobil's Project Manager's Safety, Security, Health and Environmental Workshop. April, 2010
- Peres, S. C. (2009)** Warnings and Hazard Communication, Presentation in Safety Engineering class at UHCL, September, 2009
- Peres, S. C. (2009)** Role of Women in Technology, Presentation in Women's Studies Seminar at UHCL, March, 2009
- Peres, S. C. (2009)** On becoming efficient with software: We do what we see. Presentation to the Houston Area Industrial Organizational Psychologists (HAIOP), June 2009
- Peres, S. C. (2009)** Presented summary of the research in the RIHM lab at UHCL to the Habitability and Environmental Factors Division, February 2009
- Peres, S. C. (2009)** Review of Human Computer Interaction. Presentation in Human Factors Engineering class at UHCL, July 2009.
- Peres, S. C., Smith, D. P., & Thronesbery, C. (2008).** The Role of Human Factors in Systems Engineering, Presentation for Systems Engineering Course at UHCL. November 2008
- Peres, S. C.(2007)** Review of Human Computer Interaction. Presentation in Human Factors for Industrial Designers class at the University of Houston, November, 2007.
- Peres, S. C. (2006)** The Leap to Efficiency: The Impacts of Observing Peers. Presentation at the Human Computer Interaction Institute seminar series at Carnegie Mellon University, September 2006.
- Peres, S. C., Smith, D. P., & Thronesbery, C. (2006)** The Role of Human Factors in Systems Engineering Presentation at joint meeting of Houston HFES and INCOSE. November 2006
- Peres, S. C. (2006)** Review of Human Computer Interaction. Presentation in Human Factors Engineering class at UHCL, March, 2006.

Patents/ Awards

- Houston HFES Clete Booher Service Award 2013 (inaugural year for the award)
- Laughery Award for Best Master's Thesis in Psychology, Rice University—2005
- Member of the 2004 Graduate Delegation for incoming President of Rice University
- Psi Chi—Psychology Honor Society
- University of Houston-Clear Lake Human Science's Graduate Student of the Year - 1996
- Peres, S. C., & TeamSonic (Pending).** Sonification Synthesizer USA.
- Benden, M. E., **Peres, S. C., & Liu, J. C. (Pending).** Road Hazard Identification by Commercial Drivers USA.

Research Interests

Mechanisms associated with the acquisition of efficient strategies and procedure comprehension and adherence; Ergonomic impacts of software design; and Design of auditory displays.

Teaching Interests

Human Factors, Human Computer Interaction, Cognitive Psychology, Introduction to Psychology, Research Design, and Statistics

Current Projects

Advanced Procedures—This is a series of projects looking to understand the cognitive and environmental factors that effect operators' adherence to standard work procedures particularly in high-risk work environments such as those found in the process industries (e.g., chemical plants, refineries, and drilling). One common solution for operators' non-compliance with standard work procedures is to have it required that the operator have a written procedure in hand while performing the task. This series of projects looks to identify when this is appropriate, how those procedures should be designed, and how the designs should be implemented and maintained.

Self-Report Ergonomic Assessment Tools—This project is designed to investigate people's ability to report the amount of strain associated with working in the office environment—including issuing different software command and working on different types of input devices. If people are reasonably accurate with their self-report measures of strain, then it would become possible evaluation regarding the usability of the software and devices (i.e., how easy they are to learn and use) but also on the amount of muscle strain induced by using the technology.

Auditory Displays—In this research, I am investigating how auditory displays can be designed for optimal performance and satisfaction, both at the most basic level (e.g. how dimensions of sound used in auditory displays impact user's performances) and at more complex levels (can the utilization of principles of composition in the design of auditory displays improve performance/satisfaction). We are specifically looking at the designs for the sonification of sEMG data that can be used for biofeedback with athletes or for measuring muscle strain in office environments.

Forensic Experience

2006 – current Human Factors/Warnings expert witness

Currently retained as an expert witness:

Walter Oil & Gas co. v. Cameron, et al.: Southern District Court, Houston, Texas

Provided testimony as an expert witness by deposition:

Juan Aguilar, et al., v. Enterprise Products Partners & Turner Industries Group, LLC: District Court of Chambers County, Texas

Ray v. Mercury Mountaineer for Andrews: Circuit Court, Birmingham, Alabama

Black Elk Energy LLC v. High Pressure Integrity, Inc., Parish of Terrebonne, Louisiana

Previously retained as an expert witness:

Lewis v. Pernod Ricard USA, L.L.C: District Court of Travis County, Texas

Safeco Ins. Co. of Ind. a/s/o Stover v. Home Depot U.S.A., Inc., et al

Faudo v. Skaltek, Inc; Washington Wire-Rope, Inc.: Deacero USA Inc.

Inosencio Paz v. Moran Towing Corporation and Moran Towing of Texas

Professional Experience

2008 – 2010 Contract trainer for Humantech, Inc. to ExxonMobil on Office Ergonomics

July 2004 Needs analysis for Rice University's Human Resources website

2003 Intern Usability Engineer: Online Marketing Group - Reliant Energy.

1999 - 2001 Research Associate: Office of Institutional Effectiveness, University of Houston-Clear Lake. Identified and developed institutional research projects; coordinated the collection and analysis of data, also interpreted results and prepared reports; wrote statistical programs to analyze data; developed, administered and analyzed institutional surveys.

1998 - 1999 Projects Coordinator: Department of Psychology Center for Academic and Reading Skills, University of Houston (CARS-UH, now named TIMES-UH).

1998 - 1999 Project Manager: Department of Psychology, University of Houston: Project C.A.R.E.. Program evaluation of the Harris County Sheriff's Department, "New Choices" Substance abuse treatment program in the Harris County Jail.

1996 Project Manager: Department of Psychology, University of Houston: Psychiatric Severity and the Stages of Change

1996 - 1997 Research Assistant: Department of Psychology, University of Houston: Project Check-In. Program evaluation of the Substance Abuse Felony Treatment Facility for special needs offenders at the Texas Department of Criminal Justice Estelle Unit, Huntsville, Texas.

1992 - 1994 Job Coach and Vocational Rehabilitation Assistant: Transitional Learning Community; Community Re-Entry Program for individuals with traumatic head injuries.
