VISION
Stronger Communities, Healthy People—Our Tradition

MISSION
Texas A&M School of Public Health is committed to transforming health through interdisciplinary inquiry, innovative solutions and development of leaders through the Aggie tradition of service to engage diverse communities worldwide.

Consistently ranked in the top five in student body diversity among schools of public health.

VALUES
A—Accountability: Meaningful impact
G—Global and diverse: Our research crosses borders
G—Generosity: Through selfless service
I—Integrity: In everything we do
E—Excellence: In teaching, research, service and practice
S—Social Justice
P—Professionalism: Leaders paving the way
H—Honor: Respect for all

RESEARCH
• Research expenditures total over $90 million since the school’s inception through funding from NIH, CDC, NSF, private foundations and others.
• Annual research expenditures average approximately $160K/faculty member with nearly 90 percent of principal faculty supported by research funding.
• Over 160 peer reviewed publications in 2014.

ABOUT SCHOOL OF PUBLIC HEALTH
FOUNDED
1998

LEADERSHIP
Jay Maddock, Ph.D.
Dean

FACULTY
58

ENROLLMENT
62 Doctorate
320 Master’s
100 Undergraduate

CAMPUS
Bryan-College Station, McAllen

Public Health Studies
RESEARCH CONTINUED

• Impact through public health interventions and/or research all 254 counties in Texas.

• Leading national researchers in use of standing desks, texting and driving, health economics, healthy aging and community health.

• Since 2011, collaborated on six Cancer Prevention and Research Institute of Texas (CPRIT) grants totaling over $6.5 million.

• Home to the Center for Health Organization Transformation (CHOT)—a NSF funded Industry/University Collaborative Research Center.
  University partners: Georgia Institute of Technology, Northeastern University and Pennsylvania State.
  Industry members: American Society of Anesthesiologists; Children’s HealthCare of Atlanta; Seattle Children’s Hospital; Siemens; Studer Group, LLC; Texas Children’s Hospital; and Verizon, to name a few.

• Home of Rural Healthy People 2010 and 2020—the rural focused counterpart to the U.S. Department of Health and Human Service’s Healthy People 2010 and 2020.

RECENT RESEARCH AWARDS

$7.5 million: U.S. Health and Human Services—Teen Pregnancy Prevention Innovation Practices

$4.9 million: U.S. Department of Agriculture—Multi-state Initiative to Reduce Childhood Obesity

$2.5 million: CDC—Working on Wellness

STUDENT EXCELLENCE

• Three Gates Millennium Scholars in 2015.

• Graduate Health Management Education program improved ranking to 33rd from 39th in U.S. News & World Report 2015.

• 98 percent job placement of Environmental and Occupational Health graduates with starting salaries averaging $76,000.

• Eleven students’ research competitively selected among elite group nationwide to participate in Delta Omega National Honorary Society research presentations at the American Public Health Association annual meeting.

“The practicum experience provided by the Texas A&M School of Public Health offers the opportunity for hands-on learning in community health; specifically, applying what I learned in the classroom to the real world and furthering my commitment to impact the health of populations across the state. The experience was tremendously important in preparing me for a successful career in public health.”
